American Bank Note Co

New York.

Gentlemen:-

As we will probably have to order some stationery for a bank which is to be established, we request you to please send us samples of writing papers, cheques, drafts, etc, as also specimens of <sup>printing</sup> engravings, lithographs & embossing for letter heads.

We request you to quote us your lowest possible export prices & discount for cash.

Please inform us what the additional cost would be to have a special watermark supplied on the writing paper.

We do not know as yet whether we will obtain permission to give out bank notes, but we also request you to inform us what the price would be for each plate & what the cost of printing per thousand would be ( including cost of a good grade of paper similar in size & quality to the american bank notes ).

We thank you for the courtesy of your reply & trust you will be able to quote us reasonable prices.

Yours respectfully ,

DUPLICATE SENT

Correa Hermanos & Co.,  
Curaçao, Dutch West Indies.

Dear Sirs,-

We have to acknowledge receipt of your favor of Sept. 20th, and in accordance with your request, are sending under separate cover, registered, specimens of checks, drafts and letter heads as prepared by us, showing the various styles and designs.

Although we should very much like to quote you, are unable to do so, due to the lack of information you give us. As all of our work is designed and printed specially for each of our customers, we have no catalogue or stock prices of any kind. Therefore if you will be good enough to let us know by return of mail which of our samples meet with your approval, and the quantity that will be wanted, we shall be very glad to quote you our lowest prices.

Outside of preparing the necessary design together with a dandy roll for watermarking paper, any paper can be specially watermarked provided it is ordered in large enough quantities. Most paper mills insist on an order of 1000 lbs. (30 to 40 Rms). Once the initial cost for the design and the dandy roll has been paid for, there would be no further charge on subsequent orders for special watermarked paper. However, we would

point out to you that this quantity of paper would be considerable more than the ordinary customer would use for their stationery in a number of years. However, this can be settled when we know in about what quantities your prospective customer intends to order.

If the Bank you speak of are finally granted permission to issue bank notes, and you will be kind enough to give us some idea as to style, size, denomination and quantity of notes, we shall be very glad to quote you.

Trusting that we may have the pleasure of further serving you, we are

Yours very truly.,

American Bank Note Co  
New York.

Gentlemen:-

We beg to thank you for your favor of the 4 th inst., contents of which have our best attention.

We regret to notice that you are unable to quote us your best export prices for lack of information ; we were unaware of this as we have always received our stationery from Germany where prices of engravings, papers etc are quoted in catalogues and per a copy we are taking the liberty to mail you under separate cover and which facilitates the export business principally. As we are in urgent need of some checks and it will delay too much for us to receive your quotation, we enclose our order trusting you will please execute same at your very lowest price possible in order that we may be able to continue sending you our orders.

We know we are treating with a most reliable & trustworthy concern, and for this reason we are sending the order without waiting on your quotation. Please ship at your very earliest convenience by the Red D line under parcel receipt ( cost \$ 1.- ) and kindly apply to Messrs G. Ansink & Co, ( 8-9 Hanover Str) for the amount of your invoice.

In due course we hope to take up with you the matter of bank notes. Kindly excuse our troubling your attention with such a small order, and believe us, gentlemen,

Yours respectfully ,

*Correa Hermanos & Co*

For shipping to formality is necessary ; no consular invoices ; just deliver to the Red D line and send us the parcel receipt to claim the parcel on arrival.

Dear Sirs:-

We are in receipt of an order from Messrs. Correa Hermanos & Co.,  
Curaçao, D.W.I., which amounts to \$192.00 U. S. Gold, F.O.B. New York, and  
beg to quote from their letter to us as follows:-

"Please ship at your very earliest convenience by  
the Red D Line under parcel receipt and kindly  
apply to Messrs. G. Amsinck & Co., 6 - 9 Hanover St.  
for the amount of your invoice."

---

Therefore, as soon as these goods are ready for shipment we will  
render our invoice to you in duplicate for the amount as stated above, plus  
the necessary shipping expenses.

Kindly advise us if this is in accordance with your understanding  
and oblige,

Yours very truly,

DUPLICATE SENT

Messrs. Correa Hermanos & Co.,  
Curaçao, Dutch West Indies.

Dear Sirs:-

We beg to acknowledge receipt of your favor of October 26th, enclosing your official order for 10,000 Original and 2000 Duplicate checks for Maduro's Bank,- all to be made up in accordance with the specimens and instructions you give us.

After going into the matter most thoroughly and bearing in mind the confidence you have shown in us in placing this order with us without asking for our quotation, we hasten to assure you that we appreciate your kindness and have given you every consideration in the matter of our price.

We are now preparing a model and propose furnishing 10,000 lithographed Original Checks and 2,000 lithographed Duplicate Checks, size 9 1/2 x 3 5/8 inches over all; printed in two colors,- a different color for each check, with a special pantograph tint showing the name "Maduro's Bank, Curaçao" in microscopic lettering repeated over and over again,- similar to that as shown on the check of the Bankers Trust Company,

part of which you sent us; printed on our own superfine paper; perforated between check and binding stub and put up in pads of 250 checks each, with covers similar to the specimen binding you sent us, with the name of the bank typed on outside cover page, for the sum of.....\$192.00 U.S. Gold, F.O.B. New York. This price includes the cost of the original engravings and the making up of the special steel engraved pantograph tint, - which cost totals \$80.00. This charge would not be made on subsequent orders. In other words, on a reprint order there would be no charge for engraving of any kind. Furthermore, the bank may always use their special pantograph tint on any other documents which they may order of us, without any additional expense.

In view of the request you make that we hasten the delivery of these checks, we shall go right ahead with this work without submitting our model for your approval. Therefore, we would thank you to let us know at your earliest convenience as to whether our understanding of your order is correct. We are particularly anxious to know if you wish the bank's name to appear on the covers, since you do not give us any specific instructions in this regard.

Under separate cover we have received the catalogue of the German firm of Schleicher & Schüll and note your remarks in connection therewith. For the ordinary printing or stationery house we suppose it is a simple matter to have a catalogue with set prices, but for a house such as ours, where all work is done especially for the individual customer and nothing whatever is carried in stock but, on the contrary, modelled and engraved entirely different from anything else prepared for any other of our clients, you can well understand why we cannot lay down set figures nor have a catalogue showing our

customers designs. Furthermore, we do not wish our customers designs copied promiscuously. After having been established for over a hundred years we find that this principle works out very well and that, moreover, it meets with our customer's approval.

We thank you for this order and hasten to assure you that we are always pleased to execute any orders, regardless of their size.

We have to-day written to Messrs. G. Amsinck & Co. of this city, advising them of your instructions to pay the amount of our invoice.

Yours very truly,

Asst. Manager Foreign Department.

Dear Sirs,-

We have to acknowledge receipt of your favor of November 30th, giving us your order for 1000 unruled single and double sheets of paper of the various qualities and sizes of the samples <sup>you</sup> enclosed, printed as you instruct with a lithographed pantograph tint.

We very much appreciate the confidence and trust you have in us by placing your orders without even asking for our quotations. For this reason it makes it even more difficult for us to have to inform you that, as much as we should like to accept and execute this order, we cannot do so, for the reason that the work you ask us to do will not make a complete and finished document.

We would respectfully inform you that it is a very strict rule of this Company never to furnish incomplete or unfinished documents of any kind; by this we mean a document requiring additional printings to make it complete. Our reason for this you can readily understand when we explain that a document partly printed by us and partly by some one else does not carry any real

security, since the responsibility has been divided.

Security and safeguarding documents made by us is as much part of our business as the printing. Moreover, this stand we take as much for the protection of our customers as ourselves.

With this explanation we trust you will understand how impossible it is for us to execute your order as you give it to us, but hasten to assure you that if you will be kind enough to let us know for what purpose these forms are to be used, and will give us whatever additional text you wish to have printed on them, we shall be very glad to quote you our very lowest prices.

Dear Sirs:-

Referring to the correspondence we had with your goodselfs recently with regard to executing for you an order of pantographed paper without any text on it and particularly to our letter to you of February 3rd; -

We take the liberty of repeating to you what we said in our last letter, i.e. - that we would be very glad indeed to quote you our very lowest prices for furnishing you such documents as you may require, printed on pantographed paper. If by this time you have decided just what your needs will be, we will be very glad if you will send us details and we, in our turn, will quote you our very lowest prices for doing this work.

At the same time, we beg to call your attention to the fact that, owing to the present conditions brought on by the war, the cost of paper and other materials which we use has already increased and shows signs of further increase in price in the near future. For this reason, if you are considering having some more work in our line executed, we would urge

Dear Sirs:-

We have to acknowledge receipt of your favor of January 11th in reference to your drafts as prepared for you some time ago.

In view of the extraordinary increase in the cost of labor and materials we are now forced to increase our quotation for furnishing original and duplicate drafts as previously made for you.

We will furnish 10,000 original checks, in every respect similar to those formerly supplied to you, numbered from 10,000 to 20,000,- together with 2,000 duplicate checks, exactly as previously furnished, unnumbered, for the sum of.....\$125.- U.S. Gold, F.O.B. New York.

We trust you will appreciate that the increased costs have been forced upon us by the abnormal condition brought about by the war and that although we should very much like to furnish these drafts at the old price we find it is impossible to do so.

We trust that you will appreciate this fact and that  
we may be favored with your order.

American Bank Note Co

New York.

Gentlemen:-

We have duly received your favor of the 9 th of Feb. ult., contents of which have our attention.

We notice what you say regarding the old price and we accept your offer; as we are not however in a hurry to receive these cheques just now, you may execute our order when convenient to you and when you are nearly ready kindly advise us and we will send you shipping instructions and cheque to cover cost and expenses.

Some time ago Messrs Correa Hermanos & Co of this place ordered you some paper with the pantograph of Maduro's Bank but you have been unable to execute their order for reasons which we fully appreciate. On this account and as we have already paid for said pantograph, we request you to inform us your best possible price on the following, which we may perhaps need : about 40.000 to 50.000 banknotes of about the size of the american notes with our pantograph printed on both sides of a good quality, strong white paper. As the notes are to be of four denominations, the pantograph is to be in four different colours; one for each denomination ; the text of the notes to be engraved and the amounts printed in order to avoid making four plates. We cannot give the text as yet but same will be simple-similar to an ordinary cheque. Engraving and printing to be only on the face of the cheques; the back of same to be only pantographed.

We thank you in advance for the favor of your reply and remain,

*OH*  
Yours faithfully  
*McCorrea*  
Managing Director.

Maduro's Bank,  
Curaçao , Dutch West Indies.

Dear Sirs:-

We have to acknowledge receipt of your favor of March 11th, giving us your order for 10,000 Original checks, Nos. 10,001 - 20,000,- and 2,000 Duplicate checks, unnumbered,- all to be exactly as previously furnished, for which our price is.....\$125.00 U.S. Gold, F.O.B. New York.

We have taken good note of your request to furnish you with quotations on from 40,000 to 50,000 bank notes, of about the size of the United States bills. As you do not give us any details as to the text which you wish to have appear upon these notes we are unable to give you a quotation, since - as you must fully appreciate, the amount of text which must be engraved to appear upon the notes enters largely into the matter of the cost of our engraving.

We note it is your idea to try to obtain something at a very reasonable cost and, therefore, suggest having notes without any printing on the back and asking us to arrange to print in the values of the four different

denominations to avoid laying down a separate plate for each denomination.

In the first place we take the liberty of informing you that we would not care to prepare bank notes without a printing on the back or, in other words, a printing that would offer some kind of protection against counterfeiting. On the other hand, we would not care to print bank notes all of one design for four different denominations with only typed or lithographed printing on the face of them for the difference in the denomination, as we feel that such a note will offer comparatively little or no security to our customer and as this is always one of our main objects when preparing bank notes, we would be defeating the very basic principles of our business.

During the 125 years of the existence of this business we have tried always to furnish our customers with securities of all kinds of the highest class and those which offered protection and security in every way against counterfeiting and fraud. Since we, without doubt, have had much more experience along these particular lines than your goodselves, we do not hesitate to say that notes such as those you ask us to quote on would not give you the security we know your Bank would want.

Bank notes such as we would propose furnishing you and which would offer you the protection your notes should have, made up in the denominations and quantities indicated by you would, without doubt, be rather expensive on the initial order. At the same time, we cannot help but feel that this expense would justify itself in the end, since the counterfeiting of but very few notes might mean a very much larger expense to your bank

It would seem to us that if your Bank has been given authority to issue bank notes and intend to keep such notes in circulation in the future, such notes might be ordered in larger quantities than you mention in your letter and might also be ordered of a smaller size,- thus enabling us to quote you prices which, we feel sure, would be more to your liking. Therefore, if this suggestion meets with your approval and you will be kind enough to give us some idea as to the amount of text which you wish shown upon your notes we, in turn, will be very glad to suggest a size for your bills that we feel would meet with your approval,- answer your purpose fully and more than satisfy you as to workmanship and cost.

We trust we have made our position perfectly clear to you and that we may have the pleasure of hearing further from you on this subject.

Thanking you for your order, we beg to remain,

Yours very truly,

Manager Foreign Department.

Gentlemen:-

We beg to thank you for your favor of the 15 th of April ult. giving us full information regarding the printing of banknotes.

We quite agree with your remarks and will take up the matter definitively with you as soon as we get the necessary authority to issue the notes.

We notice that you are unable to give us a quotation but we trust you will be able to give us an approximate quotation for say 100.000 notes in 3 different denominations of the size of your banknotes and with a very simple text. We desire this data in order to have an idea of the cost and should we be able to come to terms with our Government, then we will be able to give you the exact size and text and then you will be able to give us a definite quotation.

Thanking you again for your letter and awaiting the pleasure of your reply, we remain,

Yours faithfully

Dear Sirs:-

We now take pleasure in advising you that we have ready for shipment the 12,000 Original & Duplicate Drafts, which you ordered of us in your letter of March 11th and upon which you promised to give us shipping instructions when we notified you that they were ready.

Since this Government now requires a license for the sending of any and all goods out of the country, we have made our application for same and have stated therein that the goods were ordered by Maduro's Bank, Curaçao, and were to be shipped and marked to the Bank's order. We have purposely made our application since we find that it takes in the neighborhood of two weeks to get a license and we did not want to be delayed in the shipping of these goods upon receiving advice from you to do so.

Therefore, if this will not inconvenience you, we should like to be able to ship these drafts, marked and consigned in this manner.

We take it that you will probably want these drafts shipped in the manner which they were previously - namely, by Parcel Receipt on the Red D Line.

If this meets with your approval and you will advise us to this effect, we shall be very glad to make our shipment on the first steamer after we have received the license from the Government allowing us to do so.

Yours very truly,

Asst. Manager Foreign Department.

Maduro's Bank,

Curaçao, D. W. I.

Dear Sirs:-

We have to acknowledge receipt of your favor of May 6th, advising us that as soon as you get the necessary authority to issue notes you intend giving us all the desired information regarding the same, so that we may give you definite quotations.

We appreciate this and assure you we shall do our best to give you quotations which will entirely meet with your approval. It is very hard indeed to make definite figures until all the details, as well as the quantities, are in our hands, - as both the amount of engraving and the size of the printing order itself materially govern our quotations.

However, to give you some idea of the cost of steel engraved bank notes, prepared in our usual way, in quantities of 100,000 notes of 3 denominations, we might say that the engraving for such notes, under the ordinary conditions, would be \$1000 for each denomination, and the printing price of the notes, in accordance with the quantity ordered.

The dies for a steel engraved note, printed in one color on the face and one on the back, double lithographic tints or multicolor tints on the face, numbered, carrying series letter, printed with or without signatures, on our special scattered planchette paper; of a size approximately 7 x 3" would cost:-

|                  |         |   |         |     |                |
|------------------|---------|---|---------|-----|----------------|
| In quantities of | 100,000 | - | \$35.00 | per | 1000           |
| "                | "       | " | 50,000  | -   | \$40.00 " 1000 |
| "                | "       | " | 10,000  | -   | \$90.00 " 1000 |

---

These prices, as you well understand, are only approximate and are based on our usual style of note. They are also U.S.Gold, F.O.B.New York.

If after we receive the details we find that the engraving for all three denominations is to be practically the same, we may be able to reduce our engraving charge considerably. You may rest assured we shall do everything we can to meet your ideas as to price.

Yours very truly,

Asst.Manager Foreign Department.

Dear Sirs:-

We have to acknowledge receipt of your favor of June 3rd, together with your check for \$130.65 - in payment of the O & D Drafts ordered from us some time ago and your estimated cost of freight and insurance.

Under separate cover we are sending you a regular letter of advice, together with our invoices - upon which we have shown the actual cost of war risk insurance and freight,- a total of \$7.97. In view of conditions as they now exist we make it a practise to insure all of our goods against war, since ordinary insurance is of no value where loss occurs through damage or sinking of a steamer by an enemy vessel.

We trust that under the circumstances you will approve of our action.

AMERICAN BANK NOTE COMPANY

March 12, 1920.

Maduro's Bank,

Curaçao, D.W.I.

Dear Sirs:-

We beg to acknowledge receipt of your favor of February 19th and regret that our price for your order now in hand for checks should have caused you an unpleasant impression.

You cannot be unaware that the price of about every commodity has undergone an upward movement for some time. The same manifestation has taken place in our line of industry as well as others, increases having been repeated as regards materials and the high class of labor which we employ.

While we have , therefore, been compelled to follow the general trend and adjust our prices to present day manufacturing costs, we can assure you most conscientiously that we are guiltless of any desire to make the most of the situation and that our customers can rely on our following the reverse movement of prices just as soon as our costs will permit it.

In regard to the New Years cards which you desire, we shall be pleased to execute your order but think it best to first submit you prices before doing so , particularly as these cards will evidently not be wanted immediately.

We will furnish 500 cards lithographed as per your specifications  
for the price of.....\$64.00

The same steel engraved for.....\$72.00

Net - U.S.Gold, F.O.B.New York.

We enclose herewith two cards illustrating steel engraved and  
lithographed work.

Awaiting your pleasure in the matter we remain,

Yours very truly,

Warranted free of capture, seizure, arrest, restraint, or detention, and the consequences thereof or of any attempt thereat and whether as an act of war or by civil authority or by any person or persons whatsoever, lawless or otherwise, piracy excepted; and also free from all consequences of hostilities or war-like operations, whether before or after declaration of war.

Warranted free of loss or damage caused by strikers, locked-out workmen, or persons taking part in labor disturbances or riots or civil commotions.

Warranted not to cover the interest of any alien enemies, including such persons, co-partnerships or corporations as now, or may hereafter appear on any Enemy Trading List issued by the War Trade Board of THE UNITED STATES OF AMERICA.

It is hereby understood and agreed that in all cases of Loss or Damage happening to the interest insured under this Certificate, the same shall be reported promptly to the Agents of the Company, Exchange Buildings, Liverpool, or to the nearest Agency of the Company, (see list printed on back of Certificate).

It is hereby agreed, that any loss or claim under this Certificate, shall be paid in sterling at the current rate of exchange at the offices of the Agents of the Company, B. 4, Exchange Buildings, Liverpool, or at any Agency of the Company, if so agreed when the Certificate is issued. (see list on back hereof).

Claims to be adjusted according to the usages of Lloyds, but subject to the conditions of the Policy and Contract of Insurance.

Notice—To conform with the Revenue Laws of Great Britain, in order to collect a claim under this Certificate, it must be stamped within ten days after its receipt in the United Kingdom.

Countersigned,

*Chubb & Son* Managers.
